hello beautiful woman

I am Erin Kyna. I am a Goddess, a Queen, a Healer, and a Whore.

My journey has been one of a coach and healer on the path to empowerment for the last ten years, guiding other women along their path as I follow mine. I have studied science and mysticism, I have gained qualifications and accolades. I have done all the things a good woman should do. Achieve. Make others proud of me. Look beautiful. Be kind. (All while denying my needs to be of service to others).

I thought I was empowered. But nothing prepared me for the journey of awakening my erotic self.

As powerful and confident as I may have seemed on the outside, I was also denying my truest power... and that is my sexual energy.

We live in a world where we as women have had our sexual energy exploited and commodified since the beginning of time.

We live in a time when women's sexual energy being dormant or non responsive is normalised. We learn how to adapt and accept and still have a 'fulfilling' life (as far as we are aware).

We have had our sexual energy grabbed at and taken since we were girls in school dresses.

At worst, we have had our bodies taken and assaulted against our will.

We have given ourselves away in the hope of love and connection or safety.

We have given up our bodies for money or drugs or safety when we have been desperate.

We have had sexual experiences that leave us feeling empty, disgusted, used and shameful.

We learnt very young that it is not safe to be an overtly sexual woman. That we would be called names, shamed, judged, rejected and ridiculed.

We learnt that we would be blamed for injustices and breaches against us.

And how many of our feminine ancestors have said 'me too'?

The patriarchy knew how powerful feminine sexual energy was, and so it has been exploited and shut down so that we would forget how powerful we were and the powers that be could remain in charge.

But the time has come, beloved. You are being called. The world needs us. It is our time to break this pattern and lead the way. To embrace our power and to empower other women with us.

CONTACT ME:

We all have the goddess inside of us, and we all have the whore.

The whore is the part of us that lives and breathes for sexual expression. Who is in the ruthless pursuit of her own pleasure. Who is insatiable in her desire.

When most people hear the word whore they think:

Hooker, slut, dirty, worthless, cheap, nasty, moral-less

When I say whore I mean:

Sacred, feminine, powerful, pleased, insatiable

Your body is **literally a vessel that was designed to receive**. Your body is filled with thousands of nerve endings that are simply for **PLEASURE**.

Your innate birth rite is power and pleasure.

Since embracing my sacred whore, I experience pleasure beyond my wildest dreams. I walk through the world as a changed woman. I love myself deeply. I cherish myself. I worship myself. My path and purpose continue to open up and expand. My standards are high and I know my worth. And I know there continues to be more to learn and discover.

EROTIC AWAKENING

Your journey to reclaiming or awakening the sacred whore within you, is for **YOU**. You do not have to give it away, it does not have to perform, it is for no one else's access unless you wish it to be so.

Coming to **embody the sacred whore within you** means that you can walk through the world with your head held high and your shoulders back. It means you can walk with aliveness and pleasure between your legs, dripping with satisfaction.

It means that you find that your safety is inherent, and you carry it with you.

When you embrace your sacred whore, ***you will exude the energy of goddess.*** You will be drunk on the pleasure your body was built for.

You will set a standard so high for yourself that no unworthy other will even come close. **You will attract your equals in all ways.**

There is something inside of you that has been **CRAVING** to be awakened. That has been inside you all along, and maybe you've known and shut it down, maybe you know it's been dormant, or maybe even glimpsed at this energy within you.

Maybe you've never even come close to her.

Unlocking this energy inside you *does not* mean that you:

- You will then have to express your sexual energy with anyone else unless you choose to.
- That your current relationships need to change or end (although they will naturally be impacted by your empowerment).
- That you will be rejected or ridiculed by others (you hold a field of confidence that will attract praise and adoration)
- That you need to change who you are (your whole is your own unique expression of you, it's just you, but more powerful)

This is the essence of who you are.

THIS IS YOUR PURPOSE.

It does not take away anything from your life.. It adds to it.

It is how you access your power. **IT IS YOUR POWER.**

This is the key to your kingdom.

Your journey to reclaiming or awakening the whore within you, is for **YOU**. You do not have to give it away, it does not have to perform, it is for no one else's access unless you wish it to be so.

Coming to embody the whore within you means that pleasure and power will shine out of you and touch everyone else in your world in the most beautiful and divine way.

You will **reclaim your voice**. You will **reclaim your body**. You will **reclaim your needs**. You will **reclaim your desires**.

I created Erotic Awakening for a reason:

Because you and your sacred sexuality were born worthy of being worshipped. And when you worship all parts of yourself, you will worship the world around you. You will be in one sacred and holy living act of worship with life.

I've had MAJOR awakenings since working with Erin.

Let's start with pleasure - **I didn't know there was THIS much pleasure to be had.** But more than that, I've **never been so connected to my body**, my womb and all that is available to me as a sensual, sexual feminine being. And I'm sure there's even more! Pleasure is almost entirely spiritual for me now, **I feel so unlocked.**

Worthiness - now this is maybe the biggest. My self-worth was a challenge and was causing me so much pain as I could see how I was repeating behaviours/choices that weren't serving me, but I was stuck in that loop.

Well nowadays, I can't even relate to her anymore. **Boundaries - badass. Self worth - asserted.** Men treat me SO differently now and I command them to step up if they want to pursue me, and most of them have. **There's such a level of respect that I could have only dreamed of a few years ago.**

Thank you just isn't enough. The work you do is healing the world, and I mean that literally, Erin.

I love you.

Erin has become a sexual fairy godmother for me in the best way possible.

Working with her her **opened me up in so many ways** but ultimately it allowed me to **find safety in my body and in my own pleasure.**

She's been such a wealth of wisdom to get to tap into whenever I need help navigating the space of sensuality, my body, my desires, my relationships, even my traumas.

I am so grateful to have Erin in my life and in my corner because she has **given me permission to fully own what is that I really want, to work through what has been keeping me stuck, to tap into and experience new ways of expressing my true, authentic self, to allow myself to receive and be in the state of full pleasure,** and to practice getting my needs met, asking for what I want, and how that feels like **in a healthy expansive manner.**

Erin, I love you so much, I am so grateful for you.

Erin has an incredible ability to get inside my head and see things that I can't (or refuse to) see myself.

She is not afraid to call you out on your bullshit - in the most loving way possible - and **her presence commands that you rise to the occasion** and learn the lessons.

Since starting coaching with Erin, I have seen the lessons come in all aspects of my personal and sexual life, extending far beyond our sessions together.

Everything becomes a lesson when you're working under her guidance, and **I love that the learning extends far beyond our sessions together.**

She has opened me up beyond belief and helped me to expand on levels I never knew were possible.

She is a calming presence that is so necessary to have while navigating all of the turbulence of my sexual awakening. I can feel my own personal vibration rise just by being in her presence and it allows me to access parts of myself, bringing out abilities and **a feeling of sexual empowerment I never knew I could experience.**

I cannot recommend working with this woman enough. She truly is the real deal.
